**GAS INTERESTS PLEASED**

With their Appeal to the People of the State  
Pittsburgh, Pa.—John E. Gill, president of the Manufacturers Light & Heat Company, states he has received hundreds of replies from citizens of West Virginia to the Open Letter addressed to the people of the State and published in this paper and throughout the State last week as an advertisement. Mr Gill states that these replies contain a great variety of views, about 50 per cent of which are favorable to the gas interests, 30 per cent differ in minor particulars, and the remaining 20 per cent are unfavorable. He says he is delighted with the interest being shown throughout the State in this open discussion and believes the results will be to bring about a closer understanding between the gas interests and the people of the State.

"We have received hundreds of letters," said Mr Gill, "in answer to our Open Letter, in which the people state their views courteously and intelligently, which is very gratifying and shows a spirit of fair play and justice. Fully 50 per cent of them favor helping the gas and oil people to develop the State and find a market for their products where possible. About 30 per cent disagree with some of the ideas suggested. About 15 per cent say they are not sufficiently informed about the questions to venture a reply and ask for further information, and the balance simply state that they think the rates for gas are high enough or too high. A very few, not over a dozen or so, are abusive and bitter in their remarks, which is such a small percentage that it shows the people of West Virginia are practically all fair minded and without prejudice.

"It is a pleasure for us to know that we have an open minded class of people before whom to state our case, and we shall go on with these Open Letters in the newspapers, feeling that we are being impartially and honestly judged and that our case is in the best of hands. Our first letter was prepared with the purpose of getting an idea of how the people of the State looked at this great business of producing and marketing oil and gas, and now that we have a clear idea of how it is regarded throughout the State, we shall be able to go ahead and furnish the information so many of our correspondents have asked for, and shall await their further opinions with interest and confidence.

"The unprejudiced attitude of the newspapers is also a matter upon which West Virginia is to be congratulated and augurs well for a safe solution of any question which may come before the public of the State at any time."

Mr Gill stated that the next Open Letter will probably be a collection of a number of typical letters, received, which will show all the people in the State just how others in the State look at the matter. He stated that these letters will be taken from all those received and will show all varieties of opinions, both favorable to the gas companies and otherwise. This public letter will appear shortly in the Pocahontas Times and should be read with interest and studied carefully.

J. A. Viquesney, recently appointed forest game and fish warden of West Virginia for a term of four years, announces the appointment as his two chief deputies W. B. Rector, of Belington, and Otho Williams, of Martinsburg. Rector has been office deputy for Viquesney for the last five years. Williams, formerly assessor of Berkeley county, takes the place of H. M. Lockridge, who preferred to retire that he might give his attention to the practice of law and business interests in Pocahontas county.—Charleston Gazette.

Responses to toasts were made by Hon G. W. Wilson, of Wildell Dr Wilson, E. B. Smith and Rev. Rachal, of Marlinton, W. B. Hopkins and G. L. Hyde, of Watoga, and W. H. Mason, of Elkins. The music was furnished by the Marlinton Orchestra.

The out of town visitors were Hon and Mrs G. W. Wilson, of Wildell, G. L. Hyde, J. K. Rishel and W. B. Hopkins, of Watoga, O. F. White and W. Dunnington, Onoto, Mr and Mrs H. D. McClintock, of Greenbrier, H. Mason, of Elkins.

A. W. Arbogast, agent for the Ford Automobile, reports the prospect bright for his best season's sales of automobiles, although he sold no less than fifty-one last season. He now has two car loads of automobiles on the way. He says the capacity of the great Ford factories, which turn out one thousand finished cars daily, and contemplate an output of 250,000 will be insufficient to supply the demand. To get an idea of the immensity of this great industry, the Ford Company employs 21,000 men at an average daily wage of not less than \$7.50, the amount paid out each day for wages being in the neighborhood of \$150,000. The minimum wage in the Ford factory is \$5 per day.

E. M. Arbogast writes us that he traveled thirty miles in twenty-two minutes by air-boat between St. Petersburg and Palmetto, Florida. The airboat was making regular trips between the two cities, the occasion being a lot sale at Palmetto. The passage for the first trip was sold to the highest bidder. Mr. Arbogast's bid \$85 and he got the trip with a town lot on the side. He says sailed 150 feet over Tampa Bay to Manatee River; a fine trip and would like to take it every day. In striking contrast was his return voyage in a steamship, which required over five hours to cover the distance made in a third of an hour by the air boat. Mr. Arbogast expects to be in Florida until May.

From the Highland Recorder we learn that Mrs. Lonnie C. Burns, who with her husband has been living at Cass, died at the home of her father, W. W. Terry, on Dry Branch, Highland county, February 6, 1914. She is survived by her husband and one child.

As we go to press word is received of the death of S. W. Crummett, of Staunton, which occurred at his home today. No particulars are given. He is an older brother of G. F. Crummett, of Marlinton. About a year ago his daughter was killed in a runaway accident at Lewisburg.

M. L. Johnston showed us some grape shot, minnie balls and pieces of bomb shells which he picked up on the Droop Mountain battle field. He expects to send them to his father, who was in the battle.

The Overland-Hudson Automobile Agency has rented the room in the Woodman-Oddfellow building recently used as a sample room for the hotel, and will soon have on display their fine line of this season's cars.

At the council meeting Monday night Sergeant Anderson's bond, written by the National Surety Company was approved. A number of bills were allowed. The council refused to repeal the Sunday closing law.

F. M. Hamrick was before Squire Smith Monday on a warrant sworn out by his wife, charging non-support. He was sentenced to sixty days in jail.

Good Way of Ending Duel.  
Some years ago two determined rivals decided to fight a duel with dynamite. They arranged that each should sit on a barrel of dynamite to which a fuse was attached. Which ever fuse burned down first would, of course, have decided which was the winner. As luck would have it, however, both fuses went out some time before the dynamite was reached, and the rivals were so astonished at this unexpected happening that they made up their quarrel then and there.

**GIVE THAT PUNY CHILD THIS GUARANTEED REMEDY**

If your child is under-weight, listless, ailing, liable to get sick easily, it needs a medicine to build its weight and strength. For this purpose there is nothing else we know of that we can so strongly endorse as Rexall Olive Oil Emulsion. The remarkable success of this splendid medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish to the entire system the strength, weight and health-building substances it needs. And, it does all this without injuring the stomach. In fact, Rexall Olive Oil Emulsion is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand, it contains no alcohol or habit-forming drugs, which most parents object to giving their children. It does the good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If Rexall Olive Oil Emulsion doesn't build your child up, feed the stunted, puny muscles, and make the little one lively, strong, well, and full of the animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this is no more than fair, and it leaves you no cause to hesitate. For old people also—for convalescents—for all who are nervous, tired-out, run-down, no matter what the cause—we offer Rexall Olive Oil Emulsion with the same guarantee of entire satisfaction or money back. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00.—Marlinton Drug Store, Marlinton, W. Va.

NOTICE  
My wife, Hattie Lightner, having deserted my bed and board, this is to notify the public that I will not be responsible for any debts which she may contract.
